

How can I help my child achieve in French/Spanish?

Having a wide and varied vocabulary is essential if your child is to succeed and will enable them to achieve in all 4 skills.

- Encourage them to learn new words/phrases regularly. A few minutes a day is ideal. Quizlet, Duolingo and flashcards are perfect ways to do this.
- Watch French/Spanish films (with subtitles) with them and encourage them to listen to French/Spanish radio and watch TV programmes in the target language.
- Each week, test your child using the flashcards they have produced.
- Encourage them to come along to after-school revision sessions.
- Visit the AQA website to access past papers.
